

Figure 1 is a scatter plot showing the N-S Direction [AU] versus the Sun-Earth Direction [AU] for various interstellar objects. The plot includes concentric dashed circles representing distances from the Sun (0.25, 0.5, 0.75, 1.0 AU) and a solid arc representing the Earth's orbit (1.0 AU). Objects are labeled with names like 3C119, 3C147, 3C158, etc., and some are color-coded (yellow, green, red).
