

[illegible]

Figure 1 is a scatter plot showing the N-S Direction [AU] versus the Sun-Earth Direction [AU]. The plot displays various objects, including comets (C), asteroids (A), and other celestial bodies, plotted against their distance from the Sun and Earth. The Sun is at the origin (0,0) and Earth is at (1,0). The plot includes concentric dashed circles representing distances from the Sun and Earth, and a solid arc representing the Earth's orbit. Objects are labeled with their names and coordinates.

Object Name	Sun-Earth Direction [AU]	N-S Direction [AU]
C206+439	0.45	0.50
